Repatriation or Medical evacuation	No Coverage	No Coverage
Prescription Drugs	Claims processed by prescription benefit manager	

¹ Coverage requires the employee to pay an annual deductible before any other cost sharing is determined. After the annual deductible is satisfied, the employee must pay the coinsurance, if applicable. The coinsurance is then applied to the balance of the allowable amount. For out-of-network services, the employee is also responsible for the difference between the submitted charge and the allowable amount as defined by Excellus BlueCross BlueShield.

² Out-of-pocket maximum refers to the maximum amount of out-of-pocket expenses an employee would pay in a calendar year. The out-of-pocket expenses are defined as the deductibles and coinsurance amounts, exclusive of coinsurance amounts for prescription medicines. The differences between submitted charges and the allowable amounts under the out-of-network level are not subject to the out-of-pocket maximum.

SUPro: 2022 Schedule of Benefits – Employee Cost Sharing

Prescription Drugs
